### Sustainable Institutions of India Green Rankings 2025

The Green Rankings - SII is a pioneering initiative aimed at recognizing and celebrating higher education institutions that demonstrate exceptional commitment to environmental sustainability, eco-conscious practices, and green campus initiatives. This comprehensive evaluation assesses institutions on various parameters, including energy efficiency, waste management, water conservation, biodiversity preservation, and innovative sustainability projects. By promoting a culture of environmental responsibility, The Green Rankings - SII encourages institutions to adopt sustainable models that align with global best practices. Below is the categorization of institutions based on their sustainability performance, awarded across five distinguished bands: Platinum+, Platinum, Titanium, Diamond, and Gold.
